Dear friends and supporters:

As I reflect on my dad's journey, I am filled with both sadness and gratitude for the profound impact he made on the lives of others. As someone who was deeply committed to working families, the Connell F. Smith-Homer Brown Scholarship will always be a fitting tribute to my dad's legacy as an example of his kindness, his unwavering generosity, and his passionate support for working families.

In 1986, my dad began the scholarship program in honor of his late father Connell F. Smith, and Connell's friend, Homer Brown. Both Connell and Homer were laborers of Local 773 in Cairo, Illinois working through the final years of the Great Depression. Despite the hardships, they saved every penny to advance their children's education. In creating this scholarship, my dad aimed to support aspiring students who shared his passion for working families and embodied the value of an education. With his efforts over the past 38 years, Local 773 has provided financial assistance to over 750 deserving individuals who demonstrate academic merit, and a strong commitment to giving back to the community. Each recipient must meet the required hours of charitable work to become eligible.

By investing in their education, we hope to empower future generations to make meaningful contributions to society; just as my dad did, and his father before him.

I am personally committed to ensuring the success of this scholarship fund in honor of my dad's legacy. The impact of this scholarship is only possible through the support of generous donors like you.

Thank you in advance for your support in preserving the memory of my dad through the continuation of this scholarship. Your contribution will not only honor his memory but also make a profound difference in the lives of deserving students and inspire future generations.

With heartfelt gratitude,

Matt E. Smith
